## **RIVER CITY DIRT RIDERS**

Meeting Minutes of July 13, 2020

Board members present:

Vice President: Mundy Murzic

Secretary: John Bekanich

Membership Chairman: Mark Wolff

1. We had a good member turnout of the usual dedicated club members.
2. Mundy is now officially our acting Vice President, after Jess Polvikoski stepped down. The President position is still open.
3. Mundy opened the meeting with a discussion of St. Mary's Shoals. The property has been closed since Elsa came through, and will need at least another week to dry out, weather permitting. Always check the SMS website immediately prior to going there to confirm if they're open.
4. With the November 21 enduro coming up at St. Mary's Shoals, club workday credits there will be broken down in (2) ways: The ATV side workdays will go toward an annual riding pass approved by SMS personnel. The "Horse" side credits will go toward the normal dues-reducing workday credits. Trail prep work on the horse side can be done during the week when the park is closed, or on weekends with restricted access upon SMS's and Mundy's approval. Under no circumstances at any time will anyone be allowed to play ride on the horse side. (Still lots of good seat time there while participating in trail prep workdays).
5. After all the rain we've been having, we will soon have a workday to assess the riding conditions of our dedicated single track at SMS. Thanks to all that have contributed , and continue their time and resources to make this trail possible.
