- **Discussion of holding a Hare Scramble at Hogwaller**

Jimmy has been making contact. Initial stipulations: Marking or taping to be done on quads ONLY & a couple of days prior (Thurs/Fri). No pre-marking allowed. All markings must be removed by Monday.

Discussion of a May-June event timeframe at Hogwaller. Owners suggested June July August time frame to Jimmy. Still in negotiation. Many complications due to access and limited prep time in the hottest part of the year. An event may require extra hydration & heat protection measures.
